Hur skapa en ny Layout i AutoCad 2008

För att skapa en ny Layout med titelblock så gör på följande sätt:

"Zooma" först ut hela ritningen, kommandot zoom extends, efter det gå till "tools; wizards; create layout" Ge ett namn åt den nya layouten

Creat	e Layout - Begin		×
•	Begin Printer Paper Size Orientation Title Block Define Viewports Pick Location Finish	This wizard provides you the ability to design a new layout. You can choose a plot device and plot settings, insert a title block and specify a viewport setup. When you have completed the wizard, the settings will be saved with the drawing. To modify these settings, you can use the Page Setup dialog from within the layout. Enter a name for the new layout you are creating. Min layout	
		<u> ≺ B</u> ack. <u>N</u> ext > Cancel	

Till nästa väljer vi printer vi vill använda, i Tele-labbet D399 finns en printer med namnet HP laserjet 2100

Create Layout - Printer		×
Begin Printer Paper Size Orientation Title Block Define Viewports Pick Location Finish	Select a configured plotter for the new layout.	
	< <u>B</u> ack <u>N</u> ext > Cancel	

Y I
Cancel

Efter det väljer vi att pappret "skall ligga" allstå "landscape"

create Layout - Orientation			<u> </u>
Begin Printer Paper Size Orientation Title Block Define Viewports Pick Location Finish	Select the orientation of Portrait C Landscape	the drawing on the paper.	
		< <u>B</u> ack <u>N</u> ext >	Cancel

Vi det här skedet behöver man inte ännu sätta in något titelblock

Create Layout - T	itle Block	×
Begin Printer Paper Size Orientation Title Block Define Viewp Pick Location Finish	Select a title block to use for the layout. Select whether the title block will be placed at the lower left corner of the paper margin. Path: None Architectural Title Block.dwg Generic 24in x 36in Title Block.dwg Image: Comparison of the paper margin. Preview Preview Image: Comparison of the paper margin. Path: Image: Comparison of the paper margin. Preview Image: Comparison of the paper margin. Image: Comparison of the paper margin. Preview Image: Comparison of the paper margin. Image: Compari	
	< <u>B</u> ack <u>N</u> ext > Canc	el

Efter val av printer väljer vi pappersstorlek som borde vara A4

Create Layout - Define Vie	ewports	×
Begin	To add viewports to the layout, specify the setup type,	
Printer	scale, and (if applicable) the rows, columns, and spacing.	
Paper Size	Viewport setup	
Orientation	© None 18100	
Title Block		
Define Viewports	Std. 3D Engineering Views	
Pick Location	C Array	
Finish		
	Rows: 2 Spacing between rows: 0.1	
	Columns: 2 Spacing between columns: 0.1	
	< <u>B</u> ack <u>N</u> ext> Ca	ancel

Till nästa i väljer man skala på ritningen, (för ett A4 papper så blir det 1:100)

Pick location behöver man inte ändra på, så slutligen väljer man finish.

Create Layout - Finish		×
Begin Printer Paper Size Orientation Title Block Define Viewports Pick Location ► Finish	You have created a layout named "Min layout". To modify the settings you applied in this wizard, you can select the new layout tab, then use the Page Setup dialog to revise any of the existing settings.	
	< Back Finish Can	icel

Nu kan man sätta in ett titelblock, ett lämpligt titelblock finns på I:\undervisning\it och elektronik\elcad\Autocad2008\ISO A3 title block.dwg Skala om titelblocket till 0.7 så passar det in på ritningen.
